Proposed Capital Expense Budget	\$75,000.00	\$75,000.00	\$0.00	\$75,000.00
Total 2026 Budget	\$271,300.00	\$239,800.00	\$32,500.00	\$272,300.00

Projected 2026 Income

Projected income	
General	\$275,000.00
Relief	\$56,000.00
Total	\$331,000.00

2026 Financial

- 2026 Operational Expense - \$207,791.31
 - Company Operations – \$111,667.76
 - Brigade Operations - \$65,003.62
 - Relief - \$31,119.93
- 2026 Income - \$289,894.98
 - General Income – \$286,998.23
 - Relief Income – \$2896.75
- Fire Department assets
 - Equipment (Station and on apparatus)
 - \$450,000
 - Vehicles
 - \$980,000
 - Buildings
 - Station - \$950,000
 - Main Street House - \$120,000
 - Middle Lane House - \$110,000
 - Total value of Fire Department assets
 - \$2,610,000
- Fire Department replacement cost estimate
 - Equipment
 - \$500,000
 - Vehicles
 - \$1,900,000.00
 - Buildings
 - Station - \$5,000,000.00
 - Main St House - \$180,000
 - Middle Lane House \$170,000
 - Total estimate of replacement cost
 - \$7,750,000

Staffing program

- In 2018, we purchased a house to assist us with staffing numbers
- In 2020, we purchased another house to assist with staffing numbers
- Each property has the capacity to house two members
- The live-in members make up 49.5% of the member responses for department
- Cost Savings
 - Cost of utilities and maintenance for properties per year - \$16,500
 - If each participant is available for half of the hours they are not at their place of employment, they each would provide 62 hours of availability a week. That would be equal to one full time and one part time employee.
 - It would take one full time firefighters and one part time firefighter to cover each live-in member
 - Each full-time firefighter would cost approx. \$85,000
 - Each part time firefighter would cost approx. \$35,000
 - Each Live in saves approx \$120,000 in payroll per year
 - We have four live in spots available, which saves about \$480,000+ per year

Brigade- Fleet

Engine 19

- 2015 Pierce CAFS engine
- 1500 gpm pump with 500 water

Tanker 19

- 2010 Pierce tanker
- 1000 gpm pump with 2000 water

Engine 19-2

- 2015 Danko Ford F-550
- 1500 gpm pump with 300 water
- Equipped with CAFS

Squad 19

- 2018 Ford F-250
- Outfitted with SCBA, hand tools and vehicle extrication equipment
- 2033 Projected replacement

Command 19

- 2020 Ford F-150
- Used for command ops

UTV 19

- 2023 Can-Am Defender
- Brush fire & Rescue Capabilities

Operation – Service demands & performance

Emergency services minimize injuries, deaths, and property loss related to fires, medical emergencies, and other disasters through the efficient delivery of effective fire suppression, pre-hospital treatment, hazardous materials, and technical rescue services. Services are delivered from a single fire station housing one Class A pumper, a tanker/tender, mini pumper, Squad, UTV and a command vehicle.

Strategic Planning

Future Capital projects

- Station generator (\$70,000)
 - The generator would be hardwired to our station and would be an automatic system that starts when grid power is interrupted. It would also have the necessary safety devices to protect utility workers from feedback into the power grid.
 - During times of power outages, our station response is increased greatly. Doors need to be manually opened; secondary power needs to be set up for station communications and lighting for firefighter safety needs to be established. Our members are also at a greater risk during these times as with no lighting it is difficult to see in portions of the station.
 - Our community has been affected by windstorm, ice storms and several severe snowstorms that have all resulted in extended power outages and/or the need for a shelter to be set up. Our 150-person facility can be used as a warming/cooling shelter if we can provide emergency backup power. In our town, there is currently no facility with backup power that could act as an evacuation shelter during a time of natural or manmade disaster. It was our intent to work with the other agencies on establishing a shelter at our station for whatever reasons if we can provide uninterrupted power and heat.
- Vehicle replacement – Engine 19
 - Replacement process has started.
 - Production time is about four years with some manufacturers
- Replacement of front concrete pad (\$80,000)
 - The front pad is starting to develop some larger cracks.
 - Ground beneath pad needs to be firmed up. Large amount of clay
- Roof Replacement Project
 - Multiple leaks detected. Replacement of the whole roof is in process

Public Relations

- 26 PR events was held in 2025
- Multiple PR events completed and many more are scheduled for 2026

Hall Rentals –

- For 2025, 52 hall rentals were completed.
- For 2026, 25 Hall rentals completed so far
- Callery VFC has allowed groups to utilize hall at no charge
 - Girl Scouts
 - Boy Scouts
 - Wakes/celebration of life
 - Employee appreciation parties for EMS services
